## STORAGE RESERVOIRS.

Favorable Report of Director Powell on the Out-  
look in Montana.

WASHINGTON, Jan. 3.--[Special to the  
Independent.]--The secretary of the interior  
to-day sent to congress a report from the  
director of the geological survey regard-  
ing the survey for the establishment of  
storage reservoirs for the reclamation of  
desert lands. Congress last year appro-  
priated \$200,000 for a preliminary investi-  
gation and the survey was begun. The director's  
statement reviews all the work done,  
Montana is the only territory in the north-  
west interested in this matter, and in that  
territory E. M. Douglas, of this city,  
has charge of the survey. Douglas has made  
close attention to the natural attributes  
which must aid in the reclamation of  
desert lands. Surveys for irrigation pur-  
poses began early in the year, and the com-  
mittee of the Columbia and Missouri  
rivers. Two parties were kept in motion  
and some 2,300 square miles were sur-  
veyed. Douglas reports this as a region of  
perennial streams, and in which were to be  
found many eligible sites for storage reser-  
voirs. The director's statement shows that  
he has \$35,000 for the continuation of the  
next year's investigation.

## THE PUBLIC LANDS.

The House Committee endeavoring to Secure  
Legislation on the Subject.

WASHINGTON, Jan. 3.--The house com-  
mittee on public lands has taken for action  
the senate bill relating to public lands, and  
it is hoped to secure legislation at this ses-  
sion of congress that will greatly modify  
the public land policy of the government.

The house passed during the last session  
a bill repealing the pre-emption and tim-  
ber culture laws and otherwise amended the  
land laws, but no action has been taken on  
the measure by the senate. In order to fa-  
cilitate the passage of the essential fea-  
tures of this general land bill, the house  
committee to-day took up the bill passed  
by the senate in December, providing that  
the public lands of the United States now  
subject to private entry shall be disposed  
of under the homestead laws only. After  
making numerous amendments to the bill  
Holman was instructed to report it to the  
house and ask its consideration. It is the  
purpose of the committee in this way to  
enable the house to pass a bill of land re-  
form legislation into the hands of a com-  
mittee of the house and senate.

WASHINGTON, Jan. 3.--The house com-  
mittee on public lands has taken for action  
the senate bill relating to public lands, and  
it is hoped to secure legislation at this ses-  
sion of congress that will greatly modify  
the public land policy of the government.

## CAPITAL CULLINGS.

Permanent Relief Stations in the Arctic--  
Bounty for Starving Growers.

WASHINGTON, Jan. 3.--A petition was  
presented to-day by Senator Stanford, from  
the Chamber of Commerce of San Fran-  
cisco, calling the attention of congress to  
the urgent need of a permanent relief sta-  
tion in the Arctic ocean. The petition states  
that the whaling fleet of the United States  
is steadily increasing, and that the Arctic  
ocean is steadily increasing, and that the  
hundreds of lives and millions of dollars worth  
of property is exposed to unusual danger  
in the pursuit of whaling in the Arctic.

The change made in the sugar schedule  
under the tariff law has been a source of  
trouble to the sugar growers of the United  
States. The tariff law provides for a bounty  
of one cent per pound on sugar raised in this  
country. It is said, fully agreed upon.

Senator Stewart has introduced a bill  
authorizing the secretary of the treasury  
to refund all income taxes which upon the  
principles subsequently settled by the de-  
cisions of the supreme court are shown to  
have been illegally and unconstitutionally  
collected, the money to be paid out by the  
commissioner of the revenue, provided  
application for the refund is made within  
two years from the passage of the act.

The president has sent the following  
circular to the governors of the states, terri-  
tories, and possessions of the United States:  
"I have the honor to acknowledge the receipt  
of your letter of the 28th inst., in relation  
to the matter of the relief of the soldiers  
of the United States Army who are now  
suffering from the effects of the war in the  
south. I have given the matter my careful  
consideration, and I am glad to hear that  
the relief of these soldiers is being actively  
pursued by the several states and territories."

A joint resolution was introduced in the  
senate to-day by Col. Cannon, providing  
that the secretary of the treasury shall  
refuse to pay the interest on the bonds of  
the United States which are now being  
issued by the government, until the interest  
on the bonds of the United States which are  
now being issued by the government, until the
